

Emmy Award-winning composers **Kristopher Carter**, **Lolita Ritmanis** and **Michael McCuiston**, collectively known as **Dynamic Music Partners** are currently scoring the hit animated series *Marvel's Avengers Assemble*. Michael, Lolita and Kristopher have created hundreds of hours of music for a variety of different genres, including TV series, independent films, video games and live performance events. They have collectively earned **twenty-eight Emmy Award nominations** and **six Annie Award nominations** as composers for *Batman: The Brave And The Bold*, *Justice League*, *Teen Titans*, *Batman Beyond*, *The Zeta Project* and *The New Batman Superman Adventures*. They each received the **Emmy Award in Music Direction and Composition** for their music for *Batman Beyond*, and the score to the feature film "Yesterday Was A Lie" won a Gold Medal at the Park City Film Music Festival.

Original concert works and suites of their scores have been performed in festivals and special events; from New York's Lincoln Center to The Hollywood Bowl their music has received critical acclaim. This remarkable and very contemporary trio of composers and performers is an example of creative collaboration, business savvy, and artistic expression of the highest, most original level.
